The Purpose of this Report

This school report is intended to communicate your child's progress in acquiring skills, knowledge and concepts during the school year. Each student has his own learning style and his learning is shaped by the particular set of experiences he brings to school. Our ISA programme aims to flexibly accommodate students' varied needs.

In this report your child is rated as accurately as possible against the grade level expectations. Teachers make their assessments based on their knowledge of each student's learning and the information they have collected about each student's progress.

The Continuum Descriptors used in this report reflect the developmental nature of each child's learning. They are in no way related to traditional letter or number grades and should not be compared to them. Please note that N/A refers to a skill that has not yet been taught.

We hope you enjoy reading this report and celebrating your child's progress.

Learner Profile:

As a PYP school, we aim to develop internationally-minded students. The IB Learner Profile describes the attributes of an internationally-minded person. These attributes are the goals of our Primary Years Programme at ISA. Therefore, aspects of the Learner Profile will form the basis of our final comments about a student's progress.

At ISA we encourage our students to be:

Inquirers	Thinkers	Communicators	Risk-Takers	Well-Balanced
Knowledgeable	Principled	Open-minded	Reflective	Caring
